

CAR OF THE MONTH

1974 4/4 - 4 SEATER

An ideal winter project! Recently imported from Japan with only 16,000 kms on its correct, original speedo, the engine, gearbox, suspension and body parts testify to minimal use. Completely original, it drives faultlessly and includes fully serviceable hood, tonneau & side screens etc. A new set of tyres and wires have been fitted. If you've had experience of early Morgans, you'll be amazed at the solidness of the bodywork, there's absolutely no sign of tin or woodwork decay. Whilst the paintwork is showing the ravages of time & sun, easy stripping and a quality paint job will produce a stunning car without other significant cost. Or you may choose to keep it in its patinated condition, it will certainly be unique! Please contact me to arrange viewing and a chat, my kettle's always on, I love talking Morgan! No MOT or road tax required due to age, UK registered and import taxes paid. 12 months MOT. Asking only £15,000 ono. I look forward to speaking to you, Nigel 07764 661069 or nigel@skills.co.uk (Notts). (MSCC 14700)
